AS TO COLLEGE SCHOLARSHIPS.

Many Valuable Opportunities Are Open to Youth of State.

County Superintendent of Education L. C. Spears has received the following letter from the State Superintendent of Education relative to the free scholarships in the various State educational institutions:

Columbia, Oct. 21, 1920.

Dear Sir:

Within recent years there has been much discussion of the State's system of free scholarships in institutions of higher learning. The University of South Carolina is allowed 46 normal scholarships, worth \$100 a year, plus tuition and college fees. The Citadel is allowed 68 scholarships, worth \$300 a year. Winthrop is allowed 124 scholarships, worth \$100 a year and free tuition. Clemson is allowed 170 four-year scholarships and 53 one-year agricultural scholarships. Each Clemson scholarship is worth \$100 a year, plus tuition and college fees.

The winner and holder of a scholarship is a young person of merit and distinction. The public generally considers a scholarship award to be a fine index to school efficiency. Today scholarships go begging for lack of qualified applicants.

Enclosed herewith I am sending you the record for the year 1920-21—the scholarship places and holders for your county. Please look over the data and write me your opinion of the situation.

A copy of this letter goes to the superintendent of your court house school and to the editor of your county paper, in the hope that these two agencies may also be induced to comment on the situation.

Yours respectfully,

J. E. Swearingen,

State Supt. of Education.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin, prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for colds, headache, neuralgia, rheumatism, earache, toothache, lumbago and for pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Drugists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monocarbonylacidester of Salicylic acid.—adv.

FAIR PLAY'S COMMUNITY FAIR.

Reports Indicate One of the Best of Its Kind in the State.

The recent Community Fair, held at Fair Play, was, according to reports that we have heard from disinterested sources, one of the best of its kind ever seen in this section. In fact, one gentleman who has attended a number of community fairs in different sections of this State and in adjoining States, made the statement that the Fair Play Community Fair was unquestionably one of the best he had ever attended.

Owing to the crowded condition of our columns last week the following list of prize-winners, kindly furnished us for last week's paper, was of necessity laid aside to make room for matters that could not be put to one side. There are many in our county and elsewhere who will be interested in the following

BACHELOR LADIES ARE SCARCE.

No More Old Maids to be Found in Whole Mill Towns in S. C.

A recent dispatch sent out from Greenville says:

A village without an old maid sounds somewhat like a fairy tale, but several such places exist below the Mason and Dixon Line.

"All the women get married in the mill villages of South Carolina, and at an early age," says a Y. M. C. A. industrial secretary stationed at Greenville, where she works among the girls in thirteen mills.

Perhaps economic independence has something to do with it, as marriage is not looked upon by the girls as a meal ticket, but as a fifty-fifty proposition. The wives do not give up their jobs, but keep right on at their work.

That the textile industry in South Carolina absorbs a large number of women as well as men workers is not surprising, considering the fact that there are as many as 152 mills in 29 counties. With the population of the State given as 1,590,015 people, 62,904 are mill workers, and 190,268 are dependent on mill pay. The valuation of the mills is \$75,000,000, and the weekly pay roll is \$1,750,000.

Germans Cry Out for a Kaiser.

Hanover, Germany, Oct. 27.—Amid deafening applause the German National party, in convention here, demanded the restoration of the monarchy. The party has adopted the slogan:

"We want a strong kaiser."

Minister Hergt, in a speech which outlined the party platform, said: "It is our duty to combat parliamentary domination. Not until there is a restoration of the monarchy can Germany recover. Only a monarchy is able to restore our financial situation and lead us out of our present chaos."

Hotel rates at Pekin are from \$8 to \$18 a day for rooms and meals.

It is recorded of the primitive American Indian women that child-birth with them was entirely painless.

Modern dress was unknown!

Exact social duties that wreck so many women of today were a minus quantity in their lives; and so it is small wonder that the weaker sex becomes a prey to misgivings when approaching maternity nears the crisis.

Facts About Zachary Reunion.

Seneca, R. F. D., Oct. 28.—Editor Keowee Courier: Through the columns of The Courier I wish to make a statement in regard to the Zachary reunion, for the benefit of the relatives and friends, as I have been asked several times if the reunion was held this year, and I wish to inform all who may be interested that it came off, as usual, on the last Saturday in August, and will meet next year at the same place and time—the last Saturday in August.

On account of the rains and bad condition of the roads last August, the attendance was not as large as usual. However, the reunion was a success. The usual program was carried out and a nice sum was raised toward enclosing the cemetery. I wish to say to all the connection in Oconee—and they are many—that the contribution list is wide open all the year round, and those who have not as yet had a chance to contribute to this worthy cause can send in their dollar to T. R. Zachary, treasurer, at Cashiers, N. C. Contributions made through me have already been forwarded. J. R. Zachary.
